Vernon Crabb VK4FVC - December 1939 - April 2026

It is sad to report that Vern Crabb VK4FVC has gone
Silent Key in Townsville following a long battle with
cancer.

Despite doctors saying that he would not make Christmas 2025
Vern proved them wrong making it past that and able to
celebrate the 52nd anniversary of marrying Nell before he
was taken from us.

Vern was a long time member of the Wireless Institute of
Australia until illness forced him to cancel his membership.
Vern was also a long time member of The Townsville Amateur
Radio Club, using his morse skills to support the on-air
Slow Morse training net for many years before it was disbanded.
Vern was also a participant in the 3599kHz Gnarly Net Morse
section right up to the final days of his life. Vern was a Morse Man!

Vern grew up on the family farm near Woodstock North Queensland,
with the family then moving to Rollingsstone to farm pineapples.
Vern attended and matriculated at St Teresa's College Abergowrie
and eventually took over running the pineapple farm with Nell's help.

Vern was always keen to learn how and why things work, which was
a much needed skill in farming life where most repairs were done
onsite. He also garnered an interest in Amateur Radio, wanting
to experience diverse cultures world wide without having to leave
the farm. Eventually erecting a tower and installing a steerable
log periodic antenna, Vern chased DX from 20metres to 6 meters and

made many friends on-air. The big tower and antenna soon became known as a local landmark to the locals, who still call the quick bend in Balgal Beach Road as 'Crabb's Corner'.

Vern and Nell were deeply involved in the local community both serving on the local Progress Association and P&C committees. Vern became proficient in Italian and Spanish, enabling him to have an edge when snaring rare DX.

Vern was a very proficient orator and vocalist, performing for years with choirs during the Ingham Italian Festival, plus the occasional private group performance.

When eventually retiring and selling the farm, Vern and Nell traveled to Mexico, Italy and Spain staying with ham radio friends from years gone by. Vern and Nell also obtained a Rainbow Bus, converted it to a mobile home called 'The Crabbpot' which they used to tour Australia. It was during this time that Frank/VK4CAU (SK) enlisted Vern's help in mobile trials and development of new models of Barrett HF transceivers with the Crabbpot being an ideal testing vehicle for the new models of radio.

Eventually the Crabbpot got long in the tooth and was replaced with a more modern bus, christened 'Crabbpot Mk2'. Again it was fitted out with mobile amateur radio gear and a Barrett HF transceiver. Vern and Nell did more touring in the new rig as well as visiting family members who had moved to various parts of Australia. They also did a tour of New Zealand and came back with some new ideas for Crabbpot Mk2.

A catastrophic failure in insulation on the lithium powered auxiliary power system caused complete destruction of Crabbpot Mk2 during a tour through the Sunshine Coast hinterland, with Vern and Nell escaping with just the clothes on their backs. Help from locals and nearby family members soon had them back home with the necessity to rebuild their finances and eventually Crabbpot Mk3 was acquired and more little trips to relatives transpired.

Vern and Nell attended Amateur Radio communications support events when they were in the local area, supported local amateur radio clubs in the area with their attendance at social events and kept traveling as long as they could, until Vern's illness curtailed the travels.

Vern was taken from us on the 11th April 2026, with his passing we lose someone who could really diagnose faults and provide easy fixits as he took the time to truly understand how things worked. We also lose a master in Morse Code operating. Sincere condolences to Nell and family in Vern's passing. Vale Vernon Crabb VK4FVC, Silent Key.

Vern's Celebration of Life will be happening on Tuesday 21st April 2026 starting 10am at St. Anthonys Catholic Church Veales Road Deeragun. No Cortege. No Flowers By Request - donations to Rollingstone Rural Fire Brigade.

- News of AM & CW on ANZAC Day
AM and CW on ANZAC Day - Radioamateurs Remember. 25th April 2026

The traditional AM & CW event organised by Mike "Banjo" Patterson VK4MIK with help from The Townsville Amateur Radio Club, will again take to the air for the 17th year.

This is not a contest. It honours those modes used by service personnel in earlier wars.

The event idea came from a telephone conversation between Mike "Banjo" Patterson VK4MIK

and World War II Coastwatcher in Papua New Guinea, Lionel Veale. He set up his ATR4A HF

radio and orientated the antenna from behind enemy lines. Lionel was one of those brave

Coastwatchers who sent back vital information.

The concept developed originally by the Tableland Radio Group in Far North Queensland basically

asks us to consider changing modes on ANZAC Day nets, as an honour and Amateur Radio salute

to those who served or are serving.

The annual event involves ex-military sites and related museums. It includes most of the

radio nets happening on ANZAC Day throughout Queensland and further afield.

The Townsville Amateur Radio Club has been asked to anchor the event throughout the day

and will be operating from the Clubrooms at West End using the callsign AX4ATV.

The Clubrooms are part of a camouflage structure that was placed on top of the RAAF

Communications HQ (project 81) during WW2.

Thanks to the organising and planning by Ray/AX4OIL, many operators and helpers will again activating the historic World War 2 Oonoona Bombing Site running portable stations

on Amplitude Modulation and highlighting the need for the site to be preserved by the

Queensland Government as an important commemoration site for community use.

Jens/VK4PE will be demonstrating Morse Code to the general public from the Jezzine Barracks

Army Museum from around 10am on the day - if you go there you might be lucky enough to

get your face painted!

The Australian Military Radio Operators 3-Day weekend will also be happening from ANZAC Day, the 9th year of the event.

Many Amateurs joined our Defence forces and took their skills into their service lives in a wide range of activities such as Coastwatchers, Air Force Radio operators, Radar operators and repair, navy radio operators and Army operations.

Australian Military Radio Operators weekend 2026
The 9th Year of AMRO
The 3 Day plan for vintage radios.....
AM & Morse Code...CW.....
Saturday 25th April : AM & CW on ANZAC Day (not AMRO)
[remember your AX prefix on this special day]
Sunday 26th April : AMRO - DAY 1 of 2
Monday 27th April : AMRO - DAY 2 of 2
[public holiday 27th for NSW, ACT and WA]

The Theme for AMRO this year is :
THE VOLUNTEER INTERCEPTORS - and their great contributions.
In recognition of all the long hours volunteers put in trying to intercept enemy transmissions.
This effort is rarely rewarded if at all.
DO YOU OWN A WW2 RECEIVER..? CAN YOU RECEIVE MORSE CODE..?
Would you like to participate as a volunteer interceptor?
Civilians did in World War 2 to help win the war.
"VOLUNTEER INTERCEPTOR during AMRO"
If you would like to Participate in AMRO from an "Interceptor " standpoint, then fire up your Valve Military Receiver, preferably of World War 2 vintage and listen just like the Volunteer Interceptors did during the dark days of World War 2.
"Walk a mile in their boots" capturing AM & CW signals on any short wave receiver or vintage and other Valve Military Receivers in your Radio
"Secret Location", in the attic, inside a disused water tank, or down in the cellar!

This year, we are linking up with a few other organizations within topic.....
NZART: New Zealand Amateur Radio Transmitters
SPAM: Society for the Preservation of Amplitude Modulation
Musickpoint Radio in New Zealand
FDU: Fists Down Under
SWLING.COM: with special attention to Volunteer Interceptors.

Base.

Denison Creek Horse Endurance Rides

Mackay Amateur Radio Association members provide Communications Support and

Checkpoint services

for the Horse Endurance Rides that happen at Denison Creek Station near Epsom Central Queensland.

Their volunteer numbers are dwindling and they need a hand to provide a safety net for the events.

The rides happen on the ramparts of Mount Seaview approx 60km southwest of Mackay and is accessed

via the Peak Downs Highway at 21.482444S 148.810030E. Camping available at Ride Base and the

event is made up of a number of stationary and mobile checkpoints.

Rides start from 1pm Saturday and finish around 11am Sunday.

Let Mackay Comms Support Co-ordinator Gary/VK4CUZ know if you can help on mobile 0410462892

NQORA Offroad Racing Events - Millchester Motorsport and Recreation Facility Charters Towers

The North Queensland Offroad Racing Association Inc. runs a series of offroad racing

events at the Millchester Motorsport Facility Charters Towers . They need Autosport and

Radio savvy people to run checkpoints for the events.

Operate at Checkpoints throughout the day with a ringside seat to see up close the offroad racing action whilst doing useful things with radios.

Camping overnight Wednesday to Monday Night is available at the NQMS Radio Precinct,

or if you prefer your creature comforts motels and pubs are available to stay in less

than 10 minutes away from the venue.

Magnetic Island to Townsville Swim.

A great day out on the water playing with radios to the sound of Migaloo and a hundred plus marathon swimmers thrashing across Cleveland Bay.

Main comms on VHF, with some UHF comms with clubbies and aircraft.

Operating positions at sea and on land with operational endurance 4 to 5 hours.

Kennedy Region Scouts Nighthawk activity.

Your chance to make a real difference and show the youth of today how useful Amateur Radio can be. Teams tracking and a chance to set up portable at a spot you would not normally go to. Arrive at Nighthawk HQ at 2pm on Saturday, then go to your checkpoint for a night of easy operating in the field tracking the progress

of Nighthawk teams, with some in-flight entertainment as you observe youth members try to impress

the Scout Leader judges with finesse in their activity.

Bush to Beach Horse Endurance Rides.

The rides are based out of the North Queensland Equestrian Centre at Bluewater Park

approx 30mins northwest of Townsville. Some checkpoints are camp-outs, others a temporarily activated during the rides with operators glamping at Ride Base. Ride tracks vary from rugged river crossings and slightly undulating land through

the properties near Bluewater Park. VHF with high mounted verticals

- Make an offer for this Tower and Antenna combo

The following is offered from a deceased estate and is being administered by John/VK4FNQ.

Approx 40foot 4 post tower with rotator and the following antennas -

- 5 element 6metre yagi
- 10 element 2metre yagi
- 17 element 70centimetre yagi
- 5 element 2metre vertical yagi
- 80metre inverted V dipole

The successful purchaser will remove the tower and equipment which is located in the Charters Towers area.

The combination will not be split - it is a package deal.

A very good local Franna crane operator is available and is reasonably priced.

Contact John/VK4FNQ on 0409 631624 to make the deal or find out more.

- A tower and bits need a good home

and all you need to do is dismantle the tower and take it away.

Yes, long time Far North Queensland hams Pat/VK4MP and Larry/VK4WWW want to give away their 75foot (25metre) wind up tower to someone who wants to rock up to their QTH in Cairns and remove it. It winds down to 50feet (17metres).

There are items for sale as well at a reasonable price -

- a Log Periodic antenna with 28ft (9metre) boom
- a near new Heavy duty Emotator rotator and controller.

Contact Pat or Larry by phone on 07 4054 4157.

- Solar Panels !

Hairy Richard/VK4ZMB has these gorgeous Solar Panels ready to fly into your shack power system. Local pickup in Townsville only.

- Curly Wind Season is happening now. Be prepared.

Have you checked your shack and your antenna to see how they will go during the wet season ?

Have you stocked up, charged batteries and are ready for action !

Get on air - scare the spiders and lizards out of the rig and make sure your transceiver works.

- WICEN VK4 NET

Operators interested in maintaining reliable contact in case of infrastructure failures in Queensland hold a net every Sunday.

The net happens on

14125kHz from 8-00am (2200UTC)

10122kHz from 8-00am (2200UTC)

7105kHz +/- QRM from 8-30am (2230UTC)

The net control station calls in regular stations and then invites new stations to call in.

If conditions are poor other relay stations will attempt to assist contacts. If conditions are very poor Net Control might move the net another frequency (including 3600kHz) depending on how responsive the net participants are.

Mix it with other operators, be ready to assist and call in on the net !!

Emergency Frequencies per IARU region - active during disasters

IARU Region 1 3760 7110 14300 18160 21360 kHz

IARU Region 2 3750 3985 7060 7240 7275 14300 18160 21360

IARU Region 3 3600 7110 14300 18160 21360

VK is in Region 3.

Frequencies noted are centre of emergency activity which could extend +/- 20kHz.

Other frequencies could be activated on a per country basis - stay tuned to the WIA News for activations.
