- Ann Renton Memorial Net this Tuesday

One of the friendliest radio nets in the land happens this Tuesday evening September 22nd

from 7-30pm on the Townsville UHF Repeater

... the Ann Renton Memorial Net !

The net is open to young and old, YL or OM and is a

golden opportunity for anyone who needs practice

on-air to go onto the net as 2nd operator.

Lets see if the YLs can outnumber the OMs !

The net will also be accessible via the VK4TUB AllStar Link 46740

and the VK4TUB Echolink node 837230

- Tech On The Air Net next Tuesday

This is a reminder that next Tuesday, 29th September is the fifth Tuesday of the month and that means only one thing -

The Tech on the Air Net will be happening from 0930UTC (1930K)

until when the Net Controller Peter/VK4PQ decides all is done.

The Net will be happening on the Townsville VHF Voice Repeater VK4RAT 146.7MHz

along with the following nodes -

- VK4PQ AllStarLink Gateway Kelso NQLD which interfaces with VK4RAT VHF Repeater H24

Node 49806 Echolink VK4PQ-R 956580

- VK4GDN AllStarLink Gateway Charters Towers NQLD linked with VK4PQ 49806 H24

Node 54043 145.145MHz 91.5Hz Tone H24.

The net starts with the latest edition of the NZART News, followed by the establishment

of a net call-in then the fielding of technical questions with and without notice.

Cardwell Gathering 2026

October Long Weekend

The Cardwell Gathering will be taking place from Friday afternoon

October 2nd to Monday morning October 5th at the Meunga Creek Caravan

Park near Cardwell FNQ.

This is a call to all Hams and support crews and anyone interested in getting into Amateur Radio to spend a long weekend (or longer) in paradise.

Apart from practicing the lost art of Extreme Loafing there will be chances

to attend the Cardwell Seafest happening over the weekend along with HF antenna fabricating and testing (utilising the nice tall trees in the park),

balun design and testing, getting into DX, participating in HF nets and checking the new things you have to see if they fail in the field.

Meunga Creek Caravan Park is located 4km north of Cardwell along the

Bruce Highway at 12 Ellerbeck Road, Ellerbeck, Far North Queensland.

The Park is nestled between the banks of Meunga Creek, the Great Northern

Railway Line and luscious rainforest, offers a laid back retreat for bush

camping with spacious sites that are great for self sufficient campers,

or with power and water if you want to seriously glamp.

The park is pet friendly and has a modern ablutions block with 4 hot

showers complete with laundry with 2 washing machines and a dryer.
Campfires are welcome (with fire pots supplied – BYO wood)
and each site features nice tall trees with varying degrees of sun and shade.

It is only a 10 minute drive back into the Cardwell CBD, 5 minutes drive to the famous Cardwell Spa Pools and Forest Drive Creek Circuit. You get a choice of camp spot and required facilities upon arrival. Since the Rainforest is very close it is recommended that you bring a good supply of insect repellent, however that close proximity means there are great opportunities for bird & possum watching, native reptile spotting and if you are lucky you might get to spot the 4pm goanna or 6pm croc in the creek.

Mobile phone service is excellent from both Telstra and Optus Sites on nearby Mulleys Hill and TV services also transmit out of Mulleys Hill.

Make sure you bring your own Comfy Chairs, standing whilst watching others engage in the lost art of Extreme Loafing could be very uncomfortable for you. The proprietors of the Caravan Park value that same laid back lifestyle they offer during your stay, so for direct contact on the phone please call at the optimal time between 4pm and 5pm daily. Otherwise text the contact number with a message with these details

- Your Name, Your best Contact Number, Number of People you are booking in with,

Date and Time you are arriving, Date and Time you are leaving,

Site Requirements (unpowered, powered, powered and water).

The contact number is - 0429 728913

- TARC Communications Support

There is a full programme of Communications Support events that you can get involved with

and have some radio fun !

If you can help out please contact og/VK4ZZ on 0427182469 or on the radio

Some more details of these events -

Whitsunday Region Endurance Riders Association Inc Euri Gold Farm Endurance Rides.

All the rides happen on the verdant slopes of Euri Gold Farm, just out of Merinda

north of Bowen North Queensland.

You are able to camp out early at Ride Base or the checkpoint from Wednesday onwards.

The ride starts up on Friday morning and will run right through Monday afternoon.

Your chance to get out into some lovely countryside, set up camp with a portable station

or three and communicate in a relaxing fashion as the horsies and riders go by, day and night.

Hey Mackay and Bowen horsie operators - you can join in the fun too !

Denison Creek Horse Endurance Rides

Mackay Amateur Radio Association members provide Communications Support and Checkpoint services

for the Horse Endurance Rides that happen at Denison Creek Station near Epsom Central Queensland.

Their volunteer numbers are dwindling and they need a hand to provide a safety net for the events.

The rides happen on the ramparts of Mount Seaview approx 60km southwest of Mackay and is accessed

via the Peak Downs Highway at 21.482444S 148.810030E. Camping available at Ride Base and the

event is made up of a number of stationary and mobile checkpoints.

Rides start from 1pm Saturday and finish around 11am Sunday.

Let Mackay Comms Support Co-ordinator Gary/VK4CUZ know if you can help on mobile

NQORA Offroad Racing Events - Millchester Motorsport and Recreation Facility Charters Towers

The North Queensland Offroad Racing Association Inc. runs a series of offroad racing

events at the Millchester Motorsport Facility Charters Towers . They need Autosport and

Radio savvy people to run checkpoints for the events.

Operate at Checkpoints throughout the day with a ringside seat to see up close the offroad racing action whilst doing useful things with radios.

Camping overnight Wednesday to Monday Night is available at the NQMS Radio Precinct,

or if you prefer your creature comforts motels and pubs are available to stay in less

than 10 minutes away from the venue.

Magnetic Island to Townsville Swim.

A great day out on the water playing with radios to the sound of Migaloo and a hundred plus marathon swimmers thrashing across Cleveland Bay.

Main comms on VHF, with some UHF comms with clubbies and aircraft.

Operating positions at sea and on land with operational endurance 4 to 5 hours.

Kennedy Region Scouts Nighthawk activity.

Your chance to make a real difference and show the youth of today how useful Amateur Radio can be. Teams tracking and a chance to set up portable at a spot you would not normally go to. Arrive at Nighthawk HQ at 2pm on Saturday, then go to your checkpoint for a night of easy operating in the field tracking the progress

of Nighthawk teams, with some in-flight entertainment as you observe youth members try to impress

the Scout Leader judges with finesse in their activity.

Bush to Beach Horse Endurance Rides.

The rides are based out of the North Queensland Equestrian Centre at Bluewater Park

approx 30mins northwest of Townsville. Some checkpoints are camp-outs, others a temporarily activated during the rides with operators glamping at Ride Base. Ride tracks vary from rugged river crossings and slightly undulating land through

the properties near Bluewater Park. VHF with high mounted verticals

or Field Yagis needed to get through the topography and the occasional inversion blocking.

There is excellent and ample camping facilities at the Equestrian Centre and on checkpoints.

- 2001 ARRL Handbook.

Glenn is open to reasonable offers,

Phone him now on 0427786622 to stitch up a deal.

- Make an offer for this Tower and Antenna combo

The following is offered from a deceased estate and is being administered by John/VK4FNQ.

Approx 40foot 4 post tower with rotator and the following antennas -

- 5 element 6metre yagi

- 10 element 2metre yagi

- 17 element 70centimetre yagi

- 5 element 2metre vertical yagi

- 80metre inverted V dipole

The successful purchaser will remove the tower and equipment which is located in the Charters Towers area.

The combination will not be split - it is a package deal.

A very good local Franna crane operator is available and is reasonably priced.

Contact John/VK4FNQ on 0409 631624 to make the deal or find out more.

- A tower and rotator need a good home

and all you need to do is dismantle the tower and take it away.

Wallaby Bob/VK4WJ would like to offer his self-supporting tilt-over tower PLUS rotator to someone who will take it all away and give

it all a good home. The items are in excellent condition but are no longer used. Crack the deal of the decade and contact Wallaby Bob now on 0478 575 455

- Curly Wind Season is happening now. Be prepared.

Have you checked your shack and your antenna to see how they will go during the wet season ?

Have you stocked up, charged batteries and are ready for action !

Get on air - scare the spiders and lizards out of the rig and make sure your transceiver works.

- WICEN VK4 NET

Operators interested in maintaining reliable contact in case of infrastructure failures in Queensland hold a net every Sunday.

The net happens on

14125kHz from 8-00am (2200UTC)

10122kHz from 8-00am (2200UTC)

7105kHz +/- QRM from 8-30am (2230UTC)

The net control station calls in regular stations and then invites new stations to call in.

If conditions are poor other relay stations will attempt to assist contacts. If conditions are very poor Net Control might move the net another frequency (including 3600kHz) depending on how responsive the net participants are.

Mix it with other operators, be ready to assist and call in on the net !!

Emergency Frequencies per IARU region - active during disasters

IARU Region 1 3760 7110 14300 18160 21360 kHz

IARU Region 2 3750 3985 7060 7240 7275 14300 18160 21360

IARU Region 3 3600 7110 14300 18160 21360

VK is in Region 3.

Frequencies noted are centre of emergency activity which could extend +/- 20kHz.

Other frequencies could be activated on a per country basis - stay tuned to the WIA News for activations.
